

「katsutoshi norizuki」 | wayward [warden

“you look lost, adventurer.”

name Katsutoshi Norizuki

title The City Floor Boss, The Wayward Warden

power Dominus—the power to set rules.

personality Your favorite problem, ever. Asserts Might first and foremost. Presents himself as far above and way ahead of most all others—a villain with a code. Someone who follows the rules and changes the rest without breaking them. Despite everything, he truly seems to believe in his task, whatever that may be...

features Gold rings, and the fashionably asymmetric earring.

symbolism The Moon—paradoxically the order of cycles and the lunacy of change, transformation. Chains—paradoxically of bonds and burdens. Gold—Wealth, strength, fortune.

history Hailing from the world of Myria, he is the illegitimate son of the Norizuki clan. He lived well, in spite of everything... until the prophecy. Unable to accept the suffering of a world he loved, he chose not only to end his story, but *every* story in his world...

... only to awaken, observing, what would one day become the Tower.

lore incorporation “As a streamer, it is what it is.” The Elysian Tower is a lore and voice acting VTuber group, where individual writing meets group involvement.

On the platform, fans as adventurers participate in pushing forward the collective narrative through collaboration and interaction.
